We will travel downstream to the Pañayacu River delta, where we will embark on a canoe trip to Pañacocha Lake (“Piranha Lagoon” in the native Kichwa language), an ecosystem flooded by blackwater river water. The surrounding protected rainforest is home to primates and birds and is the perfect habitat for piranhas, the Paiche or pirarucu (one of the world’s largest freshwater fish), the white caiman, and hundreds of other aquatic animals. The surrounding protected rainforest is home to primates and various bird species, which we will be able to spot during a walk with our guides. We will then recharge our energy with an Amazon-style barbeque at a community camp, and after a short rest, we will take part in aquatic activities such as kayaking and/or swimming. Back on board the Anakonda, we will build on what we learned with an interesting talk about the region given by our guides.

After an adventure-filled day, guests can take advantage of our observation deck and experience a magical view under the stars. Our more energetic guests can choose to unwind with a night walk through the jungle in search of nocturnal creatures.
