

Tourist Superior - Galapagos Yachts

Fragata - YACHT

ITINERARY DAY BY DAY

Itinerary B 5 days / 4 nights

DAY 1 - FRIDAY

In the morning: Airport this island was a strategic point during the Second World War. It is the main airport for the Galapagos Islands where tourists and colonists arrive and depart. At the Arrival at Baltra Airport, our naturalist English speaking guide will assist you. Transfer to the yacht. Welcome and briefing.

In the afternoon: Mosquera

After lunch, disembarkation at Mosquera Island (wet landing) located between North Seymour and Baltra. The island consists of a long narrow stretch of white sand, rocks, and tide pools. Created by Geological uplift the island has a flat look to it rather than the conical shape of the volcanically formed islands. It is a great place for snorkeling, strolling on the beach, and enjoying the animal life without the tourist crowds common at many of the more popular islands. This islet is actually home to a huge population of sea lions and is also home to many shorebirds. Briefing and dinner on board.

DAY 2 - SATURDAY

In the morning: Vicente Roca Point

After breakfast, panga ride visit to Vicente Roca Point. Comprised of two separate coves, this site is a large bay with spectacular sea life, observing seahorses, sea turtles, rays, puffer fish, the strange yet fascinating Mola-mola (or sunfish), we see also penguins, blue-footed boobies and nazca boobies. Lunch on board.

In the afternoon: Espinoza Point

In the afternoon disembarkation (dry landing). Walk (600m. round trip, 1½h, flat, sandy and rocky path) to see lava flows, a colony of marine iguanas (nesting time: January to June), penguins, pelicans and colonies of cormorants, lava cactus. Time for snorkeling. Briefing and dinner on board.

DAY 3 - SUNDAY

In the morning: Urbina Bay

After breakfast, disembarkation at Urbina Bay (wet landing), located in the west of Isabela Island, at the foot of the Alcedo volcano. Walk on a sandy and rocky defined path (1 km. round trip. 2h, flat), observing calcareous organisms (shells, corals) exposed above water. In this area we see a large colony of land iguanas, Darwin's finches, giant tortoises (between June – September) and flightless cormorants. After the hike, time for snorkeling along the shoreline where guests may observe penguins and flightless cormorants.

In the afternoon: Tagus Cove

After lunch visit to Tagus Cove that was a port where whaling ships arrived and left their ships' names in a cave in 1800. In the high part is the Darwin Lake, a round salt water crater. Disembark (dry landing). Walk begins from the shore by a wooden stairway that rises to the dusty trail passing through Palo Santo Forest to reach the Darwin Lake. Continue on the trail around the lake through the dry vegetation zone. Panoramic views to the Darwin and Wolf volcanoes. (2kms round trip, 2h / starts at 0m, ascending to 50mts). Later, panga ride through the cliffs to observe the historical graffiti, penguins, flightless cormorants, boobies, pelicans and Sally Lightfoot crabs. Snorkeling time in the cove. Briefing and dinner on board.

DAY 4 - MONDAY

In the morning: Egas Port

Breakfast. The visit to Puerto Egas begins with a wet landing on the dark sand beach of James Bay. Walk along a rocky trail to the salt crater (1.7km. round trip, 1½ h, start at 0m, ascend 30m), observing Darwin Finches, the endemic Galapagos hawks, marine iguanas, sally light root crabs and fur seals and sea lions. Time for swimming and snorkeling.

In the afternoon: Sombrero Chino

After lunch, disembark (wet landing) for a short walk of 200m. (30mins. round trip, flat and rocky), observing lava tunnels, lava cactus, Galápagos Sesuvium. Time to swim and snorkel. Return to the yacht. Dinner and briefing for next day.
