

Tourist Superior - Galapagos Yachts

Fragata - YACHT

ITINERARY DAY BY DAY

Itinerary D 8 days / 7 nights

DAY 1 - FRIDAY

In the morning: Airport

This island was a strategic point during the Second World War. It is the main airport for the Galapagos Islands where tourists and colonists arrive and depart. At the Arrival at Baltra Airport, our naturalist English speaking guide will assist you. Transfer to the yacht. Welcome and briefing.

In the afternoon: Mosquera

After lunch, disembarkation at Mosquera Island (wet landing) located between North Seymour and Baltra. The island consists is a long narrow stretch of white sand, rocks, and tide pools. Created by Geological uplift the island has a flat look to it rather than the conical shape of the volcanically formed islands. It is a great place for snorkeling, strolling on the beach, and enjoying the animal life without the tourist crowds common at many of the more popular islands.. This islet is actually home to a huge population of sea lions and is also home to many shorebirds.

Briefing and dinner on board.

DAY 2 - SATURDAY

In the morning: Vicente Roca Point

After breakfast, panga ride visit to Vicente Roca Point. Comprised of two separate coves, this site is a large bay with spectacular sea life, observing seahorses, sea turtles, rays, puffer fish, the strange yet fascinating Mola-mola (or sunfish), we see also penguins, blue-footed boobies and nazca boobies. Lunch on board.

In the afternoon: Espinoza Point

In the afternoon disembarkation (dry landing). Walk (600m. round trip, 1½h, flat, sandy and rocky path) to see lava flows, a colony of marine iguanas (nesting time: January to June), penguins, pelicans and colonies of cormorants, lava cactus. Time for snorkeling. Briefing and dinner on board.

DAY 3 - SUNDAY

In the morning: Urbina Bay

After breakfast, disembarkation at Urbina Bay (wet landing), located in the west of Isabela Island, at the foot of the Alcedo volcano. Walk on a sandy and rocky defined path (1 km. round trip. 2h, flat), observing calcareous organisms (shells, corals) exposed above water. In this area we see a large colony of land iguanas, Darwin's finches, giant tortoises (between June – September) and flightless cormorants. After the hike, time for snorkeling along the shoreline where guests may observe penguins and flightless cormorants.

In the afternoon: Tagus Cove

After lunch visit to Tagus Cove that was a port where whaling ships arrived and left their ships' names in a cave in 1800. In the high part is the Darwin Lake, a round salt water crater. Disembark (dry landing). Walk begins from the shore by a wooden stairway that rises to the dusty trail passing through Palo Santo Forest to reach the Darwin Lake. Continue on the trail around the lake through the dry vegetation zone. Panoramic views to the Darwin and Wolf volcanoes. (2kms round trip, 2h / starts at 0m, ascending to 50mts). Later, panga ride through the cliffs to observe the historical graffiti, penguins, flightless cormorants, boobies, pelicans and Sally Lightfoot crabs. Snorkeling time in the cove. Briefing and dinner on board.

DAY 4 - MONDAY

In the morning: Egas Port

Breakfast. The visit to Puerto Egas begins with a wet landing on the dark sand beach of James Bay. Walk along a rocky trail to the salt crater (1.7km. round trip, 1½ h, start at 0m, ascend 30m), observing Darwin Finches the endemic Galapagos hawks, marine iguanas, sally light root crabs and fur seals and sea lions. Time for swimming and snorkeling.

In the afternoon: Sombrero Chino

After lunch, disembark (wet landing) for a short walk of 200m. (30mins. round trip, flat and rocky), observing lava tunnels, lava cactus, Galápagos Sesuvium. Time to swim and snorkel. Return to the yacht. Dinner and briefing for next day.

DAY 5 - TUESDAY

In the morning: Charles Darwin Research Station

After breakfast, walk for about 20 minutes to the Charles Darwin Station, to observe the Galapagos turtles breeding. The Darwin Station is part of the Charles Darwin Foundation for the Galápagos Islands, an international non-profit organization dedicated to scientific research in the Galápagos Islands since 1959.

In the afternoon: Primicias Ranch

After lunch, visit to Hacienda Primicias to see the giant tortoises in their natural habitat. The tortoises are easy to spot, lumbering around eating grass and leaves and wallowing. Some highland birds, like cattle egrets, mockingbirds, finches or flycatchers can be seen here. After the hike return to the yacht. Dinner and briefing for next day.

DAY 6 - WEDNESDAY

In the morning: Tintoreras

After breakfast, Las Tintoreras is located south of Puerto Villamil. It has a small bay of completely calm turquoise waters, where you can appreciate sea lions, sea turtles, marine iguanas, rays, etc. The bay is connected to a crevice of crystal clear water, that's shallow and when the tide is low, the entrance closes. In this crevice, you can see how reef sharks swim along with other small fish and sea lions. Lunch on board.

In the afternoon: Breeding Center Arnaldo Tupiza / Humedales / Wall of Tears

BREEDING CENTER ARNALDO TUPIZA: This center has a captive breeding program for tortoises from the populations of southern Isabela.

HUMEDALES: Disembark (dry landing), walk for about 30 mins. This area is characterized by sandy beaches, rocky shores, and mangroves. The area has a number of trails where you can see all four species of mangroves found in Galapagos and also migratory birds: whimbrel, short-billed dowitcher, wilson's phalarope, common tern, blue-winged teal, osprey, black-bellied and semipalmated plovers, greater and lesser yellowlegs to name a few.

WALL OF TEARS: By bus to Wall of tears a sad reminder of the history of Isabela. The wall was constructed between 1946 and 1959 while Isabela was a penal colony. As punishment the prisoners were forced to build the wall from huge blocks of lava. The wall is named for the many convicts that died while building the wall. Dinner and briefing for next day.

DAY 7 - THURSDAY

In the morning: Rabida

After breakfast disembark (wet landing) in one of the most colorful and volcanically varied islands in the archipelago as well as a great snorkeling site. We will start on Rabida's famous maroon sandy beach and after an easy hike (1km aprox) will arrive to a stunning lookout to enjoy the amazing landscapes. The island is a birdwatchers delight. Some of the rarest species are in abundance, such as nine varieties of finches, Large-billed Flycatchers, Galapagos Hawks and Brown Pelicans.

In the afternoon: Dragon Hill

After lunch, dry landing at a dock, the walk takes you to a hypersalinic (saltier than the ocean) lagoon behind the beach, often frequented by flamingos, common stilts, pintail ducks and other species of birds. There is a short walk to the hill, which rewards with a great view of the bay and a nesting site of land iguanas. Many of the Iguanas that nest here have been repatriated by the Charles Darwin Research Station. Dinner and briefing for next day.

DAY 8 - FRIDAY

In the morning: Black Turtle Cove / Airport

After breakfast a dinghy (panga) visit to Black Turtle Bay (Caleta Tortuga Negra). This is very close to Baltra. It is very special due to its lovely beach with sea lions and its clear, calm water. Black (Pacific Green) Turtles and many different types of birds can be seen feeding here as you are paddled around the beautiful

lagoons hidden in the mangroves. After this visit transfer to Baltra Airport by bus for your return flight to Guayaquil/Quito

This is the end of the trip.

Rate includes:

- All meals (breakfast - lunch - dinner) water with meals.
- Accommodation in double cabins.
- Transfers from the airport to the yacht and vice versa in Galapagos.
- Excursions in the islands with English Speaking Naturalist Guide.
- **Air ticket.**
